Hoola Hooping

Today we have had Robert Proud in school working on hoola hooping activities with every class...and the toddler group! It was great fun, extremely good exercise and very tiring! I can say this from experience! Please check out the school website for photographs from the day.

'Bike It', Stabiliser Free Day

We have had an excellent response to the offer of teaching your child to ride a bicycle without stabilisers so we will discuss with Sustans the possibility of offering this again. In addition, a number of children who can ride their bikes already, have asked if we can have a day when cycles could be brought into school to ride safely in the playground. Again, this is something I will discuss with Rio Floreza from Sustrans.

Mathletics

We are pleased to announce that we have logged over 700 hours of Mathletics time as a school this year. The success of our netbook share scheme has enabled more children to access Mathletics at home and I hope this will help us to continue to build up further hours of quality problem solving time. As a school we have set a target of 1000 school hours before the end of the year.

Can you help us to reach it?

Congratulations to this week's achievers:
