Auckland Project

This week our Year 2 have had a visitor from the Auckland Project to learn all about local history. The children were fascinated when looking at various artefacts from the past relating to our town's mining past. They looked at old maps of the local area and compared them to the modern day. The children will be having further sessions where they will get the opportunity to explore the local area. If you have any artefacts of historical items relating to this we would love to hear from you.
